Welsh Government staff have been advised that LEADER commitments will be honoured to 30th December 2020 as the RDP programme is part domestic funded as well as receiving European funding, and the message at the CLLD meeting last Monday was that as far as LEADER is concerned it is business as usual’.</p> <p>They are also working with FLAG Action Groups and the same line will apply to them. Gail Merriman is working on the best way to put into action.</p> <p>Nic thanked John for the update and added that there had been 9 RCDF applications in the first round and 14 in the second round from Pembrokeshire. He suggested that due to the changing situation that Brexit should be put on the agenda for every meeting together with project monitoring and to look at where we are with spend etc.</p>

Members who had declared interests had abstained at the individual voting stage.</i></p> <p>Some feedback had also been received during the written</p>

	<p>procedure and should the groups contact the team they can be advised. A considerable amount of work has been done by the LEADER team to support these EOI's.</p> <p>Sue Leonard asked what WG do to see that this is the best way to spend the money. John Davies explained that there are 9 specific questions that WG use in their appraisal process. Of the 151 applications in the first round there was only 1 that has come to WG direct, all others came through LAGs; 71 EOI's were approved in first round.</p>
<p>10. Budgeting Monitoring – tabled P10 - 160728</p>	<p>Catrin Bradley took members through the financial allocations to date. A summary sheet illustrated the allocation for full applications pending, projects awaiting approval and approved projects and compared to budget available by theme. To date £94,946 of projects had been approved and have been issued approval letters. The LAG were potentially approving £108,232 of projects today, with a further £1.3 million of funding being requested through the EOI process where the LAG were awaiting submissions of the full applications for consideration. Rejected or withdrawn EOI or full applications were also listed.</p> <p>It was noted that eight approved EOI's from the February meeting had not submitted full applications as yet, and would have until the end of August to submit to be within the 6 month time frame allowed. At the February meeting some groups were asked to only submit 1 bid at that stage and as Volunteering for Pembrokeshire is involved in a wider partnership, PAVS has decided to withdraw the application in favour of Active and Connected Communities.</p> <p>It was clarified that PAVS have not formally withdrawn their Social Enterprise project as they are waiting for guidance from WG regarding State Aid. Cris Tomos will follow up the enquiry regarding block exemptions</p> <p>Catrin stated that WG have requested that all LAGs re-submit delivery profiles by 30th September 2016 in light of further guidance on grant funded activity and procured activity. Catrin noted that the existing procurement budget heading will be split to reflect and account for the application rounds and process, which be recorded as grant</p>

	<p>funding with all beneficiaries requiring a CRN (customer reference number - registered with WG), and some of the budget remaining for LAG to commission and procure specific activity. The application (EOI) processes implemented to date could continue on the same basis, but claimed differently within the delivery profile.</p> <p>Catrin highlighted that the allocations as presented showed that Theme 3 is oversubscribed against the budget, and that it may be necessary in due course to look at transferring funds across themes or consideration having to be given to closing themes. Given that it was considered still in early stages of the programme and there is a possibility that many of the projects will not develop to full application or not be approved this was an aspect that the LAG would need to monitor and review in a year's time.</p> <p>Catrin also reported on the operational spend to date of both Implementation and Co-operation projects set against the 2016 budget allocations. Spend was relatively on profile but noted that as staff started in February and one staff member going on maternity leave, there would be a small underspend which would be within the 15% variance approved by WG.</p> <p>It was noted that a member of the team will pick up some of the work of the staff member going on maternity leave.</p>
<p>11.LEADER Activity Report P11a-160728, P11b-160728, P11c-160728</p>	<p>Steven highlighted a number of points from the report including the attendance at the RDP awareness events. There were 130 attendees across the 6 events which led to a number of applications being received. He asked members to let the team know if there are any events that members wish to attend to promote the project. Arwain Sir Benfro will have a stand at the County Show within the PAVS Community Zone and there will be a press release prior to this. It was decided to postpone the launch event of Arwain Sir Benfro due to referendum result. Steven pointed out that the 1+ in bold on page 9 referring to the number of LEADER enquiries/information sent/meeting should read 150.</p> <p>The website is up and running and social media, twitter and facebook are regularly updated.</p> <p>Steven explained that the name badges distributed at the start of the meeting were for members to be able to champion Arwain Sir Benfro at events being attended and generic cards will be issued</p>

	<p>soon.</p> <p>Feedback from members was that the reporting mechanism is interesting and it is useful to see the quantity and breadth of interaction with the public and the outcome of the activity. It could be useful to have thematic reporting as an appendix and to see what the conversations are yielding etc to give a much richer picture.</p> <p>Emma praised the team for the geographical spread and daytime and evening provision of RDP awareness events and Sue Leonard agreed that the events were very useful for PAVS.</p> <p>The team have begun adapting the data system and it captures outcomes and monitoring and our social media outcomes. Three members of staff are attending a Wales Rural Network event on the 3 August where Victoria Seddon (Senior Research Officer with WG) is speaking and will explain monitoring and evaluation.</p>
12. Thematic Sub-groups – verbal update	<p>Helen informed the members that we could be looking more at procurement – how/what/why. The Local Development Strategy was developed 18 months ago and was updated March/April and reflects our Intervention Logic Table. She went on to explain that there is currently no strategic group in Pembrokeshire and we need to plug into the strategies of other partner organisations.</p> <p>Helen encouraged members to join the thematic groups to widen the group’s expertise and help will be needed to update the LDS again as there are still gaps and needs that can be exploited through LEADER. It is also a critical reference group for the implementation officers. Members from each thematic sub-group should ideally be on the assessment sub board.</p> <p>Martin White informed members that a study is underway looking at how Pembrokeshire compares in economic strategies with other rural, peripheral locations e.g. Cornwall, Cumbria, Norfolk and Scotland. The report is due at the end of October and could be forwarded to LAG members.</p>
13. Any other business	<p>Sue Leonard reported that PAVS will have a stand in the Community Zone at the County Show (16 – 18 August), and there will be a Health and Wellbeing event looking at preventions and</p>

	good practice on 30 September in Narberth.
14.Date of next meeting	29 th September 2016, 5pm PLANED.

Meeting closed at 7.30
